Lethbridge News: The storm of last week was the hardest on stock of any since 1886-7, and the loss will not be fully known until after the spring roundup. Reports from Macleod and Pincher Creek state that a large number of cattle were snowed under, having got under cutbanks and the snow drifted over them, in some cases completely covering them. The cowboys were busy last week pulling out all those which were still alive, but they state that a great number had succumbed. On the north side of the river they drifted over cutbanks, and we understand numbers of them lie dead at the bottom, while numbers of calves are running on the prairie without mothers. The storm was nearly as bad on horses as on cattle, and in the immediate vicinity of Lethbridge quite a number of horses succumbed to it. Mr. Walwork is out about thirty head, a number of which have been found dead. Mr. A. J. Whitney found six of his head in one bunch, and the rest he has not seen yet, while several of the freighters have lost one and two each. Altogether the loss will amount to thousands of dollars, as we understand the storm extended over the whole range country.

EDMONTON.

Is splendidly situated on the North bank of the far famed Saskatchewan—one of the most beautiful rivers in the world—It is practically the head of steamboat navigation on the river and is the terminus of the Calgary & Edmonton branch of the C.P.R. It is the centre of the finest grain growing, stock raising and dairying district in Canada. It is the seat of the lumbering industry on the Saskatchewan and is in the centre of and underlaid by the most extensive coal deposits in the known world. The gold washings of the Saskatchewan extend for eighty miles above and below Edmonton. It is the only gateway to the Peace, Athabasca and Mackenzie river regions, which cover nearly one-fourth of the area of Canada. The trade of that vast region—at present the greatest fur producing territory in the world, but with wide areas of agricultural lands on Peace river; the greatest petroleum deposit in the known world on the Athabasca, valuable forests on the Liard, fisheries in its chain of lakes second only to those of the St. Lawrence, and vast deposits of salt, sulphur, copper and iron as well—is handled by and through Edmonton. As the development of the Northwest contributes to the growth of Winnipeg the development of this still greater region must contribute to the growth of Edmonton. The Dominion Lands, Timber and Registry offices for the district of Northern Alberta—nearly as large as the province of Manitoba—are located here. The supreme court holds sittings and the sheriff and clerk of the judicial district reside and have their offices here. The postoffice is a money order office. The government telegraph line from Qu'Appelle and the C. P. R. telegraph line connect here. The town has an excellent telephone service, and an efficient electric light service. The Imperial bank has a branch here. There is a large grist and saw mill at Edmonton, and two saw-mills operated up the river have their yards here. The best brick in the Northwest is made in Edmonton. There are four coal mines within the town limits. There are four churches and two large schools, public and separate, having an attendance of over 150 pupils. Population is increasing rapidly and building operations are brisk, having never ceased since the completion of the railway in August 1891. The town was incorporated in January 1892, and is free from debt.

A carload of liquor, from Velie, Carey & Co., Winnipeg, consigned to H. S. McLeod, Calgary, has been seized by license inspector Dick, on the ground that the owners of the liquor were not licensed to sell it.

Maple Creek, Assa, has a trotting steer which is to be matched against any horse that has not won public money in Manitoba or the Northwest.

The government has decided to try charges made against Sir Adolphe Caron by Mr. Edgar, by commission, refusing an investigation by the house.

Sixty-three French Canadians settled in the Prince Albert district recently, and 160 Mennonites in the Duck lake district.

The Medicine Hat Times complains of a nuisance of young boys on the streets of that town late at nights.

Constable Hans Pahl was thrown from his horse, while on parade at Lethbridge, and killed.

The clerk was instructed to advertise

ance ground.

Dr. Lovingheart and party, who left Calgary
on April 19th for the Kuce Hill coal mines, six-
ty miles away, and who it was thought had
perished in the storm of April 27th, were found
by the mounted police on May 1st. They had
run out of provisions and were killing horses

Clerk.

According to the Northwest school report one school district has assessable property to the value of 215,497. This district pays salaries of \$1,500, \$650, \$600 and \$500. Under the school law the proportion to be paid by the district was \$812, besides fuel and extra expenses. The total taxes collected for 1890 was \$351. Just how the difference between \$351 and \$812 was paid is worthy of enquiry.

Abbe Dugas, of Montreal, in a recent pamphlet on immigration, says: "It is useless to deceive ourselves; we may boast as much as we wish of prosperity in Canada, the truth is that the tide of emigration towards the United States has never been so great as at the present moment."

The Prince Albert Saskatchewan objects to the new site chosen for the new land office in that town, as being aside from the centre of population.

BY-LAW NO. 4.

A BY-LAW to expropriate certain property in the town of Edmonton.

WHEREAS it is expedient that Queen street, one of the streets of the town of Edmonton, should be opened, changed and extended by adding thereto the parcel of land hereinafter particularly described, and that the said parcel of land should be taken and expropriated for that purpose;

THEREFORE the mayor and council of the municipality of the town of Edmonton, in council duly assembled, enact as follows:

1. The parcel of land hereinafter particularly described is hereby taken and expropriated by the municipality of the town of Edmonton for the purposes aforesaid; that is to say:

All that part of lot number forty (40) in block number one (1) as shown upon the plan registered in the land titles office of the Northern Alberta Land Registration District as Plan "A," and also designated as lot lettered "V" as shown upon the plan registered in the said office as plan "A, 1," which part of the said lot is more particularly described as all that portion of the said lot lying to the west of a line being the production southerly in a direct line to Jasper avenue of the easterly limit of Queen street, and which part of said lot contains by admeasurement 2,683 square feet, more or less.

2. The said municipality hereby requires that any dispute arising between the municipality and any party or parties interested in the said lands hereby taken and expropriated shall be settled by arbitration pursuant to the municipal ordinance.

3. The said municipality hereby authorizes the mayor, after any person interested in the said property shall have appointed, and given due notice to the mayor of his appointment of an arbitrator to determine the compensation to which such person is entitled, to appoint a second arbitrator, and to give notice thereof to such other party or parties.

4. The mayor is hereby authorized to tender to the said other party or parties as compensation for the property taken and the damages sustained by reason thereof (which is hereby declared not to include the building upon the land) the sum of Seven Hundred and Fifty Dollars (\$750.00).

Done and passed at Edmonton, this Fourth day of May, 1892.

M. McCAULEY, MAYOR.
A. G. RANDALL, CLERK.

NOTICE.—The above is a true copy of a By-Law passed by the municipal council of the Municipality of the Town of Edmonton, on the Fourth day of May, A.D., 1892, and all persons are hereby required to take notice that anyone desirous of applying to have such By-Law, or any part thereof, quashed, must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

A. G. RANDALL,
Clerk.

The Lethbridge News says that over a year ago the Dominion government built a bridge across the Belly river near that town, in a place that makes the bridge practically inaccessible to traffic, and that the bridge is useless yet. This bridge was doubtless located on the same principle as appears to have governed the location of public buildings at Prince Albert, and to a less degree at Edmonton, with a view of looming the property of some friend, rather than for the accommodation of the public. The citizens of Edmonton would do well to consider this phase of the bridge question, when inclined to depend on government assistance for its construction. It would be quite possible for the government to build a bridge at Edmonton that would be an injury rather than a benefit to every established business and industry in the place.

Over 203 new settlers arrived at Moose Jaw during April, bringing 12 carloads of effects, which included 168 horses and 61 cattle. Total value of effects, \$20,000.

COURT:

The supreme court opened on Monday. Judge Rouleau presiding.

The following cases were dealt with up to Wednesday evening.

Thos. Smith vs. A. Pattison—Action to recover \$25 on balance due on a wagon. Judgment for plaintiff for \$20 and costs. S. S. & H. C. Taylor, for plaintiff, R. Strachan, for defendant.

Watson vs. Lamoureux—Action to recover \$58, balance of an account. Defence pleaded the statute of limitations. Judgment for plaintiff for amount claimed with costs. S. S. & H. C. Taylor for plaintiff, Beck & McNamara for defendant.

McLeod vs. McKinlay—Action on balance of an account of \$54. Settled. S. S. & H. C. Taylor for plaintiff; Bown & Prince for defendant.

Brunelle Bros. vs. Jos. Kelly—Action on balance of board account. Judgment for plaintiffs for \$33.80 and costs. S. S. & H. C. Taylor for plaintiffs; Beck & McNamara for defendant.

Singer Manufacturing Co. vs. Hare; the same vs. Whetson—Cases postponed. S. S. & H. C. Taylor for plaintiffs; Beck and McNamara for defendants.

Boulais vs. Mounier—Action on account. Settled. R. Strachan for plaintiff; Beck & McNamara for defendant.

Tims vs. Bergeron—Action on account. Postponed to next court. S. S. & H. C. Taylor for plaintiff; Bown & Prince for defendant.

C. A. Magrath vs. Thibaut Bros et al—Plaintiff purchased certain lots on the P. Heimink estate, Fort Saskatchewan, in 1882. Defendants registered executions on the lots secured against the original proprietor, in August of 1891. The proprietor, P. Heimink, was granted a patent for the land in September, 1891, and gave a transfer of the lots to the plaintiff in January, 1892. Defendants claim priority over the transfer of the lots to the defendant. Plaintiff seeks the removal of the execution as being a cloud on the title. Judgment reserved. Beck & McNamara for plaintiff; S. S. & H. C. Taylor for defendants.

Macdonnell vs. the Sheriff—Action for damages for seizure of goods under execution against one Tupper. Plaintiff claims ownership of goods. Defendant disputes plaintiff's ownership, and claims that due notice of action was not given. The demurrer only was argued. Judgment reserved. Beck & McNamara for plaintiff; S. S. & H. C. Taylor for defendant.

P. Daly vs. W. S. Robertson—Plaintiff claims 33 feet west of R. Vance & Co.'s butcher shop as a street or private way for the benefit of lot 25, river lot 12. Defendant contends that the land in question is an unnumbered lot, which was left so as to allow for possible differences in boundaries, there being a dispute at time of survey. The question of the dedication of streets by registration of plans and the selling of lots according to the registered plan was fully argued. Judgment reserved. Beck & McNamara for plaintiff; S. S. & H. C. Taylor for defendant.

Brousseau vs. Ouellette—Case tried last court. Claim for interest paid on note for benefit of defendant and balance of account. Defendant disputed account and claimed that the note was for the accommodation of the plaintiff. Judgment for plaintiff for \$157 and costs. S. S. & H. C. Taylor for plaintiff; G. A. Watson for defendant.

COURT TO-DAY.

Geo. A. Watson vs. P. Heimink—Action on promissory note for \$103.20. Defence pleaded payment and no consideration. Judgment for plaintiff and costs. S. S. & H. C. Taylor for plaintiff; Beck & McNamara for defendant.

John Kelly vs. S. Cunningham—Action on promissory note for \$20. Defence alleged illegal consideration, as the money was paid for election purposes. Judgment for plaintiff with costs. Beck & McNamara for plaintiff; Bown & Prince for defendant.

STURGEON.

A very good fishery is being made in the river this spring, chiefly of salmon trout and goldeyes. Sturgeon fishing is prohibited during the only part of the season in which that fish can be caught. It is just possible that this absolute prohibition of the sturgeon fishery is an extreme measure not warranted by the facts of the case. The sturgeon is a large and valuable food fish which frequents the Saskatchewan in considerable numbers for the purpose of spawning. They come up the river in the spring after the weather has become warm and before the June rise takes place. At this time they are caught in nets and with gaff hooks, and form a very welcome addition to the food supply of several settlements where the people are not too greatly blessed with this world's goods. Of course this is their spawning time and the fisheries department, in its wisdom, sees fit to prohibit their being caught during that time when alone they can be caught; as they probably return down the river with the rise of the water when fishery with nets is impossible. If protecting the sturgeon during the spawning season would prevent their desertion of the river, no doubt it would be a wise measure, but it is a well known fact that steamboat traffic or the establishment of towns and sawmills cause the sturgeon to desert a stream, although not one of them is caught. It is therefore a questionable policy to cut off a valuable source of food supply to a number of people, when, of course, it will certainly be totally cut off at no distant date by unavoidable causes.

WHEREAS it is expedient that Namayo avenue, one of the streets of the town of Edmonton, shall be opened, changed and extended by adding thereto the parcel of land hereinafter particularly described, and that the said parcel of land should be taken and expropriated for that purpose.

THEREFORE the Mayor and Council of the Municipality of the Town of Edmonton, in Council duly assembled, enact as follows:

1. The parcel of land hereinafter particularly described is hereby taken and expropriated by the municipality of the town of Edmonton for the purposes aforesaid, that is to say:

All that part of lot lettered "S," as shown upon a plan registered in the Lands Titles office of the North Alberta Land Registration District as plan "A, 1," and more particularly described as all that portion of said lot lying to the east of a line, being the production southerly in a direct line to Jasper avenue of the westerly limit of Namayo avenue, as it commences its course southerly from First Street, and containing, by admeasurement, 4,100 and $\frac{1}{4}$ square feet, more or less.

2. The said municipality hereby requires that any dispute arising between the municipality and any party or parties interested in the said lands hereby taken and expropriated, shall be settled by arbitration pursuant to the municipal ordinance.

3. The said municipality hereby authorizes the mayor, after any person interested in the said property, shall have appointed and given due notice to the mayor of his appointment of an arbitrator to determine the compensation to which such person is entitled, to appoint a second arbitrator and to give notice thereof to such other party or parties.

4. The mayor is hereby authorized to tender to the said other party or parties as compensation for the property taken and the damages sustained by reason thereof (which is hereby declared not to include the buildings upon the land) the sum of Eight Hundred and Fifty Dollars (\$850.00.)
